

CIRCOR Mexico Earns API Certifications for Quality Management

May 4, 2018

Facility achieves industry-leading quality management standards

BURLINGTON, Mass. and MONTERREY, Mexico, May 04, 2018 (GLOBE NEWSWIRE) -- CIRCOR International (NYSE:[CIR](#)), a leading provider of flow control solutions and other highly engineered products for the Industrial, Energy, and Aerospace & Defense markets, today announced that its new Monterrey, Mexico facility has earned API Spec Q1 and Spec 6D from the American Petroleum Institute (API).

"These certifications reflect CIRCOR Mexico's commitment to continuous improvement of our quality management systems and our focus on delivering world-class products for customers in the oil and gas industry," said Erik Wiik, Group President, CIRCOR Energy. "The API certifications enable our Mexico facility to play an even greater role in the Company's global growth as we continue to meet our customers' most pressing energy challenges."

CIRCOR Mexico is only the third company in Mexico to receive Spec 6D certification, which together with the Spec Q1 certification ensure that Quality Management Systems meet or exceed the highest standards in the petroleum industry.
