CIRCOR INTERNATIONAL, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

(1) Basis of Presentation

The accompanying unaudited, consolidated financial statements have been prepared according to the rules and regulations of the United States Securities and Exchange Commission (“SEC”) and, in the opinion of management, reflect all adjustments, which include normal recurring adjustments, necessary for a fair presentation of the consolidated balance sheets, consolidated statements of operations and consolidated statements of cash flows of CIRCOR International, Inc. (“CIRCOR”, the “Company”, “us”, “we” or “our”) for the periods presented. We prepare our interim financial information using the same accounting principles as we use for our annual audited financial statements. Certain information and note disclosures normally included in the annual audited financial statements have been condensed or omitted in accordance with prescribed SEC rules. We believe that the disclosures made in our consolidated financial statements and the accompanying notes are adequate to make the information presented not misleading.

The consolidated balance sheet at December 31, 2011 is as reported in our audited financial statements as of that date. Our accounting policies are described in the notes to our December 31, 2011 financial statements, which were included in our Annual Report filed on Form 10-K. We recommend that the financial statements included in this Quarterly Report on Form 10-Q be read in conjunction with the financial statements and notes included in our Annual Report filed on Form 10-K for the year ended December 31, 2011.

We operate and report financial information using a 52-week fiscal year ending December 31. The data periods contained within our Quarterly Reports on Form 10-Q reflect the results of operations for the 13-week, 26-week and 39-week periods which generally end on the Sunday nearest the calendar quarter-end date. Operating results for the three months ended April 1, 2012 are not necessarily indicative of the results that may be expected for the year ending December 31, 2012.

Reclassifications

Certain items in the prior period financial statements have been reclassified to conform to currently reported presentations.

(2) Summary of Significant Accounting Policies

The significant accounting policies used in preparation of these condensed consolidated financial statements for the three months ended April 1, 2012 are consistent with those discussed in Note 2 to the consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2011. There were no new accounting pronouncements adopted during the three months ended April 1, 2012 that had a material impact on our financial statements.

(3) Share-Based Compensation

As of April 1, 2012, we have one share-based compensation plan. The Amended and Restated 1999 Stock Option and Incentive Plan (the “1999 Stock Plan”), which was adopted by our Board of Directors and approved by our shareholders, permits the granting of the following types of awards to our officers, other employees and non-employee directors: incentive stock options; non-qualified stock options; deferred stock awards; restricted stock awards; unrestricted stock awards; performance share awards; cash-based awards; stock appreciation rights and dividend equivalent rights. The 1999 Stock Plan provides for the issuance of up to 3,000,000 shares of common stock (subject to adjustment for stock splits and similar events). New options granted under the 1999 Stock Plan could have varying vesting provisions and exercise periods. Options granted vest in periods ranging from one to five years and expire ten years after the grant date. Restricted stock units granted generally vest from three to six years. Vested restricted stock units will be settled in shares of our common stock. As of April 1, 2012, there were 211,256 stock options and 354,065 restricted stock units outstanding. In addition, there were 378,301 shares available for grant under the 1999 Stock Plan as of April 1, 2012. As of April 1, 2012, there were 19,093 outstanding restricted stock units that contain rights to nonforfeitable dividend equivalents and are considered participating securities that are included in our computation of basic and fully diluted earnings per share. There is no difference in the earnings per share amounts between the two class method and the treasury stock method, which is why we continue to use the treasury stock method.

For all of our stock option grants, the fair value of each grant was estimated at the date of grant using the Black-Scholes option pricing model. Black-Scholes utilizes assumptions related to volatility, the risk-free interest rate, the dividend yield and employee exercise behavior. Expected volatilities utilized in the model are based on the historic volatility of the Company’s stock price. The risk free interest rate is derived from the U.S. Treasury Yield curve in effect at the time of the grant. In the first quarter of 2012, we granted 68,943 stock options.

[Table of Contents](#)

The fair value of stock options granted during the three months ended April 1, 2012 of \$14.16 was estimated using the following weighted-average assumptions:

Risk-free interest rate	1.0%
Expected life (years)	5.8
Expected stock volatility	47.9%
Expected dividend yield	0.5%

We account for Restricted Stock Unit (“RSU”) Awards by expensing the weighted average fair value to selling, general and administrative expenses ratably over vesting periods ranging from three to six years. During the three months ended April 1, 2012 and April 3, 2011, we granted 121,725 and 63,372 RSU Awards with approximate fair values of \$33.58 and \$39.00 per RSU Award, respectively.

The CIRCOR Management Stock Purchase Plan, which is a component of the 1999 Stock Plan, provides that eligible employees may elect to receive restricted stock units in lieu of all or a portion of their pre-tax annual incentive bonus and, in some cases, make after-tax contributions in exchange for restricted stock units (“RSU MSPs”). In addition, non-employee directors may elect to receive restricted stock units in lieu of all or a portion of their annual directors’ fees. Each RSU MSP represents a right to receive one share of our common stock after a three-year vesting period. RSU MSPs are granted at a discount of 33% from the fair market value of the shares of our common stock on the date of grant. This discount is amortized as compensation expense, to selling, general and administrative expenses, over a four year period. A total of 34,534 and 43,734 RSUs with per unit discount amounts representing fair values of \$10.81 and \$12.87 were granted under the CIRCOR Management Stock Purchase Plan during the three months ended April 1, 2012 and April 3, 2011, respectively.

Compensation expense related to our share-based plans for the three month periods ended April 1, 2012, and April 3, 2011 was \$1.4 million and \$1.1 million, respectively, and was recorded as selling, general and administrative expense. As of April 1, 2012, there was \$10.4 million of total unrecognized compensation costs related to our outstanding share-based compensation arrangements. That cost is expected to be recognized over a weighted average period of 2.9 years.

A summary of the status of all stock options granted to employees and non-employee directors as of April 1, 2012 and changes during the three month period then ended is presented in the table below (Options in thousands):

	<u>Options</u>	<u>Weighted Average Exercise Price</u>
Options outstanding at beginning of period	145	\$ 29.20
Granted	69	32.76
Exercised	(3)	23.92
Forfeited	0	N/A
Options outstanding at end of period	<u>211</u>	<u>\$ 30.44</u>
Options exercisable at end of period	65	\$ 21.86

The weighted average contractual term for stock options outstanding and options exercisable as of April 1, 2012 was 7.0 years and 2.1 years, respectively. The aggregate intrinsic value of stock options exercised during the three months ended April 1, 2012 was \$0.1 million and the aggregate intrinsic value of stock options outstanding and options exercisable as of April 1, 2012 was \$0.9 million and \$0.7 million, respectively.

A summary of the status of all RSU Awards granted to employees and non-employee directors as of April 1, 2012 and changes during the three month period then ended is presented in the table below (RSUs in thousands):

	<u>RSUs</u>	<u>Weighted Average Grant Date Fair Value</u>
RSU Awards outstanding at beginning of period	234	\$ 33.52
Granted	122	33.58
Settled	(92)	31.74
Cancelled	(5)	34.66
RSU Awards outstanding at end of period	<u>259</u>	<u>\$ 34.16</u>
RSU Awards vested and deferred at end of period	9	\$ 32.71

The aggregate intrinsic value of RSU Awards settled during the three months ended April 1, 2012 was \$3.1 million and the aggregate intrinsic value of RSU Awards outstanding and RSU Awards vested and deferred as of April 1, 2012 was \$8.6 million and \$0.3 million, respectively.

[Table of Contents](#)

A summary of the status of all RSU MSPs granted to employees and non-employee directors as of April 1, 2012 and changes during the three month period then ended is presented in the table below (RSUs in thousands):

	RSUs	Weighted Average Exercise Price
RSU MSPs outstanding at beginning of period	152	\$ 18.14
Granted	34	21.95
Settled	(91)	14.89
Cancelled	0	20.71
RSU MSPs outstanding at end of period	<u>95</u>	<u>\$ 22.63</u>
RSU MSPs vested and deferred at end of period	10	\$ 17.15

The aggregate intrinsic value of RSU MSPs settled during the three months ended April 1, 2012 was \$1.7 million and the aggregate intrinsic value of RSU MSPs outstanding and RSU MSPs vested and deferred as of April 1, 2012 was \$1.0 million and \$0.2 million, respectively.

(4) Inventories

Inventories consist of the following (In thousands):

	April 1, 2012	December 31, 2011
Raw materials	\$ 60,494	\$ 57,755
Work in process	96,865	96,678
Finished goods	50,766	49,344
	<u>\$ 208,125</u>	<u>\$ 203,777</u>

(5) Goodwill and Intangible Assets

The following table shows goodwill, by segment, as of April 1, 2012 (In thousands):

	Energy	Aerospace	Flow Technologies	Consolidated Total
Goodwill as of December 31, 2011	\$51,894	\$ 22,091	\$ 3,844	\$ 77,829
Currency translation adjustments	670	46	131	847
Goodwill as of April 1, 2012	<u>\$52,564</u>	<u>\$ 22,137</u>	<u>\$ 3,975</u>	<u>\$ 78,676</u>

The table below presents gross intangible assets and the related accumulated amortization as of April 1, 2012 (In thousands):

	Gross Carrying Amount	Accumulated Amortization
Patents	\$ 6,094	\$ (5,582)
Trademarks and trade names	29,941	0
Land use rights	462	(73)
Customer relationships	38,810	(15,063)
Backlog	1,540	(1,362)
Other	7,160	(3,739)
Total	<u>\$84,007</u>	<u>\$ (25,819)</u>
Net carrying value of intangible assets	<u>\$58,188</u>	

The table below presents estimated remaining amortization expense for intangible assets recorded as of April 1, 2012 (In thousands):

	2012	2013	2014	2015	2016	After 2016
Estimated amortization expense	<u>\$2,803</u>	<u>\$3,722</u>	<u>\$3,593</u>	<u>\$3,569</u>	<u>\$3,239</u>	<u>\$11,321</u>

[Table of Contents](#)
(6) Segment Information

The following table presents certain reportable segment information (In thousands):

	<u>Energy</u>	<u>Aerospace</u>	<u>Flow Technologies</u>	<u>Corporate /Eliminations</u>	<u>Consolidated Total</u>
Three Months Ended April 1, 2012					
Net revenues	\$ 109,264	\$ 38,085	\$ 66,931	\$ 0	\$ 214,280
Inter-segment revenues	396	26	192	(614)	0
Operating income (loss)	8,928	4,124	7,587	(6,939)	13,700
Interest income					(83)
Interest expense					1,164
Other income, net					138
Income before income taxes					12,481
Identifiable assets	379,950	195,823	193,468	(48,708)	720,533
Capital expenditures	730	882	2,330	180	4,122
Depreciation and amortization	1,987	1,249	1,431	305	4,972
Three Months Ended April 3, 2011					
Net revenues	\$ 99,170	\$ 32,110	\$ 72,090	\$ 0	\$ 203,370
Inter-segment revenues	306	1	92	(399)	0
Operating income (loss)	6,393	3,727	9,116	(6,464)	12,772
Interest income					(43)
Interest expense					816
Other expense, net					915
Income before income taxes					11,084
Identifiable assets	329,427	191,610	188,850	(43,179)	666,708
Capital expenditures	1,058	544	800	291	2,693
Depreciation and amortization	2,000	1,343	1,501	149	4,993

Each reporting segment is individually managed and has separate financial results that are reviewed by our chief operating decision-maker. Each segment contains related products and services particular to that segment. For further discussion of the products included in each segment refer to Note (1) of the consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2011.

In calculating operating income for each reporting segment, substantial administrative expenses incurred at the corporate level for the benefit of other reporting segments were allocated to the segments based upon specific identification of costs, employment related information or net revenues.

Corporate / Eliminations are reported on a net “after allocations” basis. Inter-segment intercompany transactions affecting net operating profit have been eliminated within the respective operating segments.

The operating loss reported in the Corporate / Eliminations column in the preceding table consists primarily of the following corporate expenses: compensation and fringe benefit costs for executive management and other corporate staff; corporate development costs (relating to mergers and acquisitions); human resource development and benefit plan administration expenses; legal, accounting and other professional and consulting fees; facilities, equipment and maintenance costs; and travel and various other administrative costs. The above costs are incurred in the course of furthering the business prospects of the Company and relate to activities such as: implementing strategic business growth opportunities; corporate governance; risk management; treasury; investor relations and shareholder services; regulatory compliance; and stock transfer agent costs.

[Table of Contents](#)

The total assets for each operating segment have been reported as the Identifiable Assets for that segment, including inter-segment intercompany receivables, payables and investments in other CIRCOR companies. Identifiable assets reported in Corporate / Eliminations include both corporate assets, such as cash, deferred taxes, prepaid and other assets, fixed assets, as well as the elimination of all inter-segment intercompany assets. The elimination of intercompany assets results in negative amounts reported in Corporate / Eliminations for Identifiable Assets for the periods ended April 1, 2012 and April 3, 2011. Corporate Identifiable Assets after elimination of intercompany assets were \$42.5 million and \$37.0 million as of April 1, 2012 and April 3, 2011, respectively.

(7) Earnings Per Common Share (In thousands, except per share amounts):

	Three Months Ended					
	April 1, 2012		Per Share Amount	April 3, 2011		Per Share Amount
	Net Income	Shares		Net Income	Shares	
Basic EPS	\$8,585	17,315	\$ 0.50	\$7,906	17,163	\$ 0.46
Dilutive securities, common stock options	0	75	(0.01)	0	215	(0.01)
Diluted EPS	<u>\$8,585</u>	<u>17,390</u>	<u>\$ 0.49</u>	<u>\$7,906</u>	<u>17,378</u>	<u>\$ 0.45</u>

There were 202,513 and 93,514 anti-dilutive stock options and RSUs for the three months ended April 1, 2012 and April 3, 2011, respectively.

(8) Financial Instruments

Fair Value

The carrying amounts of cash and cash equivalents, trade receivables and trade payables approximate fair value because of the short maturity of these financial instruments. Short-term investments (principally guaranteed investment certificates) are carried at cost which approximates fair value at the balance sheet date. The fair value of our variable rate debt approximates its carrying amount.

Foreign Currency Exchange Risk

The Company is exposed to certain risks relating to its ongoing business operations including foreign currency exchange rate risk and interest rate risk. The Company currently uses derivative instruments to manage foreign currency risk on certain business transactions denominated in foreign currencies. To the extent the underlying transactions hedged are completed, these forward contracts do not subject us to significant risk from exchange rate movements because they offset gains and losses on the related foreign currency denominated transactions. These forward contracts do not qualify as hedging instruments and, therefore, do not qualify for fair value or cash flow hedge treatment. Any unrealized gains and losses on our contracts are recognized as a component of other expense in our consolidated statements of operations.

As of April 1, 2012, we had eleven forward contracts with total values as follows (in thousands):

Currency	Number	Contract Amount	
U.S. Dollar/GBP	3	1,079	U.S. Dollars
Euro/GBP	1	279	Euros
Canadian Dollar/Euro	1	7,236	Canadian Dollars
Euro/U.S. Dollar	1	2,000	Euros
Brazilian Real/Euro	5	12,500	Brazilian Reals

This compares to six forward contracts as of December 31, 2011. The fair value liability of the derivative forward contracts as of April 1, 2012 was less than \$0.1 million and is included in accrued expenses and other current liabilities on our balance sheet. This compares to a fair value asset of approximately \$0.1 million that was included in prepaid expenses and other current assets on our balance sheet as of December 31, 2011. These forward contracts have expiration dates ranging from less than one month to five years from April 1, 2012.

We have determined that the majority of the inputs used to value our foreign currency forward contracts fall within Level 2 of the fair value hierarchy, found under Accounting Standards Codification ("ASC") Topic 820. The credit valuation adjustments, such as estimates of current credit spreads to evaluate the likelihood of default by us and our counterparties are Level 3 inputs. However, we have assessed the significance of the impact of the credit valuation adjustments on the overall valuation of our foreign currency forward contracts and determined that the credit valuation adjustments are not significant to the overall valuation. As a result, we have determined that our derivative valuations in their entirety are classified in Level 2 of the fair value hierarchy.

(9) Guarantees and Indemnification Obligations

As permitted under Delaware law, we have agreements whereby we indemnify certain of our officers and directors for certain events or occurrences while the officer or director is, or was, serving at our request in such capacity. The term of the indemnification period is for the officer's or director's lifetime. The maximum potential amount of future payments we could be required to make under these indemnification agreements is unlimited. However, we have directors' and officers' liability insurance policies that limit our exposure for events covered under the policies and should enable us to recover a portion of any future amounts paid. As a result of the coverage under these insurance policies, we believe the estimated fair value of these indemnification agreements based on Level 3 criteria as described under ASC Topic 820 is minimal and, therefore, we have no liabilities recorded from those agreements as of April 1, 2012.

We record provisions for the estimated cost of product warranties, primarily from historical information, at the time product revenue is recognized. While we engage in extensive product quality programs and processes, our warranty obligation is affected by product failure rates, utilization levels, material usage, service delivery costs incurred in correcting a product failure, and supplier warranties on parts delivered to us. Should actual product failure rates, utilization levels, material usage, service delivery costs or supplier warranties on parts differ from our estimates, revisions to the estimated warranty liability would be required.

The following table sets forth information related to our product warranty reserves for the three months ended April 1, 2012 (In thousands):

Balance beginning December 31, 2011	\$3,104
Provisions	1,297
Claims settled	(441)
Currency translation adjustments	42
Balance ending April 1, 2012	<u>\$4,002</u>

(10) Contingencies and Commitments**Asbestos Litigation***Background*

On July 12, 2010 (the "Filing Date"), our subsidiary Leslie Controls, Inc. ("Leslie") filed a voluntary petition (the "Bankruptcy Filing") under Chapter 11 of the U.S. Bankruptcy Code in the U.S. Bankruptcy Court for the District of Delaware and, simultaneously, filed a pre-negotiated plan of reorganization (as amended, the "Reorganization Plan" or "Plan") in an effort to permanently resolve Leslie's exposure to asbestos-related product liability actions. On February 7, 2011, the U.S. Federal District Court for the District of Delaware (the "District Court") affirmed the Bankruptcy Court's earlier order confirming Leslie's Reorganization Plan, thus clearing the way for Leslie to emerge from bankruptcy. On April 28, 2011, pursuant to the terms of the Reorganization Plan, Leslie and CIRCOR contributed \$76.6 million in cash and a \$1 million promissory note (the "Note") to fund the Leslie Controls Asbestos Trust (the "Trust"), and Leslie emerged from Chapter 11 bankruptcy protection. Under the terms of the Plan, all current and future asbestos related claims against Leslie, as well as all current and future derivative claims against CIRCOR, are now permanently channeled to the Trust, and the only remaining financial obligation of Leslie and CIRCOR is payment of the Note. On September 30, 2011, the District Court entered an order for the final decree closing the Chapter 11 case. For a more detailed historical perspective on Leslie's asbestos related litigation and associated pre-bankruptcy liability accounting, see "Item 3. Legal Proceedings" in our Annual Report on Form 10-K for the Fiscal Year ended December 31, 2010.

Accounting—Net Leslie Asbestos and Bankruptcy Liability & Financial Statement Impact

As of December 31, 2011, the net Leslie asbestos and bankruptcy liability was \$1.0 million, which represents the remaining payment to the Trust after the initial funding of \$78.8 million was made on April 28, 2011. This remaining \$1.0 million was paid to the Trust in late April 2012.

[Table of Contents](#)

There were no ongoing costs associated with Leslie's asbestos litigation for the three months ended April 1, 2012. The \$1.0 million bankruptcy related charges for the period ending April 3, 2011 is comprised solely of bankruptcy related professional fees.

<u>(In Thousands)</u>	<u>April 1, 2012</u>	<u>December 31, 2011</u>
Amounts payable to 524(g) trust	\$ 1,000	\$ 1,000
Net Leslie asbestos and bankruptcy liability	<u>\$ 1,000</u>	<u>\$ 1,000</u>

<u>(In Thousands)</u>	<u>Three Months Ended</u>	
	<u>April 1, 2012</u>	<u>April 3, 2011</u>
Bankruptcy related costs	\$ 0	\$ 1,001
Net pre-tax Leslie asbestos and bankruptcy charges	<u>\$ 0</u>	<u>\$ 1,001</u>

Other Matters

Smaller numbers of asbestos-related claims have also been filed against two of our other subsidiaries—Spence Engineering Company, Inc. ("Spence"), the stock of which we acquired in 1984; and Hoke Incorporated ("Hoke"), the stock of which we acquired in 1998. Due to the nature of the products supplied by these entities, the markets they serve and our historical experience in resolving these claims, we do not believe that asbestos-related claims will have a material adverse effect on the financial condition, results of operations or liquidity of Spence or Hoke, or the financial condition, consolidated results of operations or liquidity of the Company.

During the third quarter of 2011, we commenced arbitration proceedings against T.M.W. Corporation ("TMW"), the seller from which we acquired the assets of Castle Precision Industries in August 2010, seeking to recover damages from TMW for breaches of certain representations and warranties made by TMW in the Asset Purchase Agreement dated August 3, 2010 relative to such acquisition. We currently are in the discovery phase of this arbitration and expect the actual hearings to occur late in fiscal 2012 at the earliest.

Standby Letters of Credit

We execute standby letters of credit, which include bid bonds and performance bonds, in the normal course of business to ensure our performance or payments to third parties. The aggregate notional value of these instruments was \$47.8 million at April 1, 2012. Our historical experience with these types of instruments has been good and no claims have been paid in the current or past five fiscal years. We believe that the likelihood of demand for payments relating to the outstanding instruments is remote. These instruments have expiration dates ranging from less than one month to six years from April 1, 2012.

The following table contains information related to standby letters of credit instruments outstanding as of April 1, 2012 (In thousands):

<u>Term Remaining</u>	<u>Maximum Potential Future Payments</u>
0–12 months	\$ 23,855
Greater than 12 months	23,957
Total	<u>\$ 47,812</u>

(11) Defined Pension Benefit Plans

We maintain two pension benefit plans, a qualified noncontributory defined benefit plan and a nonqualified, noncontributory defined benefit supplemental plan that provides benefits to certain highly compensated officers and employees. To date, the supplemental plan remains an unfunded plan. These plans include significant pension benefit obligations which are calculated based on actuarial valuations. Key assumptions are made in determining these obligations and related expenses, including expected rates of return on plan assets and discount rates. Benefits are based primarily on years of service and employees' compensation.

As of July 1, 2006, in connection with a revision to our retirement plan, we froze the pension benefits of our qualified noncontributory plan participants. Under the revised plan, such participants generally do not accrue any additional benefits under the defined benefit plan after July 1, 2006.

During the three months ended April 1, 2012, we made cash contributions of \$0.4 million to our qualified defined benefit pension plan. Additionally, substantially all of our U.S. employees are eligible to participate in a 401(k) savings plan. Under this plan, we make a core contribution and match a specified percentage of employee contributions, subject to certain limitations.

[Table of Contents](#)

The components of net pension benefit expense are as follows (In thousands):

	Three Months Ended	
	April 1, 2012	April 3, 2011
Service cost-benefits earned	\$ 52	\$ 108
Interest cost on benefits obligation	513	540
Estimated return on assets	(531)	(610)
Prior service cost amortization	0	0
Loss amortization	158	85
Net periodic cost of defined pension benefit plans	<u>\$ 192</u>	<u>\$ 123</u>

(12) Income Taxes

As required by the Income Tax Topic of the ASC at April 1, 2012 and at December 31, 2011, we had \$2.7 million and \$2.4 million of unrecognized tax benefits, respectively, of which \$1.5 million and \$1.4 million, respectively, would affect our effective tax rate if recognized in any future period.

We recognize interest and penalties related to uncertain tax positions in income tax expense. As of April 1, 2012, we have approximately \$1.1 million of accrued interest related to uncertain tax positions.

The Company files income tax returns in the U.S. federal jurisdiction and in various state, local and foreign jurisdictions. The Company is no longer subject to examination by the Internal Revenue Service for years prior to 2008 and is no longer subject to examination by the tax authorities in foreign and state jurisdictions prior to 2005. The Company is under examination for income tax filings in various state and foreign jurisdictions.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

*This Quarterly Report on Form 10-Q contains certain statements that are "forward-looking statements" as that term is defined under the Private Securities Litigation Reform Act of 1995 (the "Act") and releases issued by the SEC. The words "may," "hope," "should," "expect," "plan," "anticipate," "intend," "believe," "estimate," "predict," "potential," "continue," and other expressions which are predictions of or indicate future events and trends and which do not relate to historical matters, identify forward-looking statements. We believe that it is important to communicate our future expectations to our stockholders, and we, therefore, make forward-looking statements in reliance upon the safe harbor provisions of the Act. However, there may be events in the future that we are not able to accurately predict or control and our actual results may differ materially from the expectations we describe in our forward-looking statements. Forward-looking statements involve known and unknown risks, uncertainties and other factors, which may cause our actual results, performance or achievements to differ materially from anticipated future results, performance or achievements expressed or implied by such forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to, the cyclical nature and highly competitive nature of some of our end markets which can affect the overall demand for and pricing of our products, changes in the price of and demand for oil and gas in both domestic and international markets, variability of raw material and component pricing, changes in our suppliers' performance, fluctuations in foreign currency exchange rates, our ability to continue operating our manufacturing facilities at efficient levels including our ability to continue to reduce costs, our ability to generate increased cash by reducing our inventories, our prevention of the accumulation of excess inventory, our ability to successfully implement our acquisition strategy, fluctuations in interest rates, our ability to continue to successfully defend product liability actions including asbestos-related claims, as well as the uncertainty associated with the current worldwide economic conditions and the continuing impact on economic and financial conditions in the United States and around the world as a result of terrorist attacks, current Middle Eastern conflicts and related matters. **We advise you to read further about certain of these and other risk factors set forth in Part I, Item 1A, "Risk Factors" of our Annual Report filed on Form 10-K for the year ended December 31, 2011, together with subsequent reports we have filed with the SEC on Forms 10-Q and 8-K, which may supplement, modify, supersede, or update those risk factors. We undertake no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.***

Company Overview

CIRCOR International, Inc. designs, manufactures and markets valves and other highly engineered products and sub-systems used in the energy, aerospace and industrial markets. Within our major product groups, we develop, sell and service a portfolio of fluid-control products, subsystems and technologies that enable us to fulfill our customers' unique fluid-control application needs.

We have organized our reporting structure into three segments: Energy, Aerospace, and Flow Technologies. Our Energy segment primarily serves large international energy projects, short-cycle North American energy markets, and the pipeline transmission equipment and services end-markets. Our Aerospace segment primarily serves the commercial and military aerospace markets. Our Flow Technologies segment serves our broadest variety of end-markets, including power generation, industrial and commercial HVAC/steam, industrial and process markets, and chemical and refining. The Flow Technologies segment also provides products specifically designed for U.S. and international Navy applications.

[Table of Contents](#)

We have been enhancing both our domestic and our worldwide operations through the development of the CIRCOR Business System. The CIRCOR Business System is based on lean manufacturing techniques (“Lean”) and is defined by our commitment to attracting, developing and refining the best talent and pursuing continuous improvement in all aspects of our business and operations. The CIRCOR Business System promotes improved shareholder value through the enhancement of core competencies across all of our business units, including continuous improvement, talent acquisition, development and retention, acquisition integration and factory repositioning, global business and supply chain development and product innovation.

Our primary objective is to enhance shareholder value through profitable growth of our diversified, multi-national company utilizing the CIRCOR Business System. We are working to accomplish this objective by focusing on highly engineered project and product opportunities in key end-markets that have above average growth. These end-markets include the up-stream and mid-stream oil and gas, power generation, process and aerospace markets. In capitalizing on these opportunities, we are using the CIRCOR Business System to excel at:

- Lean Enterprise, Six Sigma and Continuous Improvement;
- Talent Acquisition, Development and Retention;
- Acquisition Integration and Factory Repositioning;
- Global Business and Supply Chain Development;
- Customer Relationship Development; and
- Product Innovation.

Through organic and acquisition-based growth our three to five year objectives are to double the revenue of CIRCOR, gain significant market position increases in our key end-markets and build a global capability in high-growth emerging markets while improving operating margins.

Basis of Presentation

All significant intercompany balances and transactions have been eliminated in consolidation. Certain prior period financial statement amounts have been reclassified to conform to currently reported presentations. We monitor our business in three segments: Energy, Aerospace and Flow Technologies.

We operate and report financial information using a 52-week fiscal year ending December 31. The data periods contained within our Quarterly Reports on Form 10-Q reflect the results of operations for the 13-week, 26-week and 39-week periods which generally end on the Sunday nearest the calendar quarter-end date.

Critical Accounting Policies

The following discussion of accounting policies is intended to supplement the section “Summary of Significant Accounting Policies” presented in Note (2) to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2011. These policies were selected because they are broadly applicable within our operating units. The expenses and accrued liabilities or allowances related to certain of these policies are initially based on our best estimates at the time of original entry in our accounting records. Adjustments are recorded when our actual experience, or new information concerning our expected experience, differs from underlying initial estimates. These adjustments could be material if our actual or expected experience were to change significantly in a short period of time. We make frequent comparisons of actual experience and expected experience in order to mitigate the likelihood of material adjustments.

There have been no significant changes from the methodology applied by management for critical accounting estimates previously disclosed in our most recent Annual Report on Form 10-K.

Revenue Recognition

Revenue is recognized when products are delivered, title and risk of loss have passed to the customer, no significant post-delivery obligations remain and collection of the resulting receivable is reasonably assured. We may enter into certain arrangements with multiple deliverables that may include any combination of designing, developing and manufacturing valves and other highly engineered products and sub-systems. Delivery of these products and sub-systems typically occurs within a one to two-year period,

[Table of Contents](#)

although most arrangements have a shorter timeframe for delivery. Revenue is generally allocated ratably to the units of accounting in the arrangement based on their relative selling prices determined as if the deliverables were sold separately. Shipping and handling costs invoiced to customers are recorded as components of revenues and the associated costs are recorded as cost of revenues. We also have certain long-term arrangements requiring delivery of products or services over extended periods of time and revenue and profits on each arrangement are recognized in accordance with the percentage-of-completion method of accounting. Percentage of completion revenue represented less than 2% of our consolidated net revenue for the year ended December 31, 2011.

Cash, Cash Equivalents, and Short-term Investments

Cash and cash equivalents consist of amounts on deposit in checking and savings accounts with banks and other financial institutions. Short-term investments primarily consist of guaranteed investment certificates which generally have short-term maturities and are carried at cost which generally approximates fair value.

Allowance for Inventory

We typically analyze our inventory aging and projected future usage on a quarterly basis to assess the adequacy of our inventory allowances. We provide inventory allowances for excess, slow-moving, and obsolete inventories determined primarily by estimates of future demand. The allowance is measured on an item-by-item basis determined based on the difference between the cost of the inventory and estimated market value. The provision for inventory allowance is a component of our cost of revenues. Assumptions about future demand are among the primary factors utilized to estimate market value. At the point of the loss recognition, a new, lower-cost basis for that inventory is established, and subsequent changes in facts and circumstances do not result in the restoration or increase in that newly established cost basis.

Our net inventory balance was \$208.1 million as of April 1, 2012, compared to \$203.8 million as of December 31, 2011. Our inventory allowance as of April 1, 2012 was \$16.2 million, compared with \$17.7 million as of December 31, 2011. Our provision for inventory obsolescence was \$1.1 million and \$0.9 million for the first quarter of 2012 and 2011, respectively. For the three months ended April 1, 2012, we have experienced increases in organic revenue and orders compared to the three months ended April 3, 2011. We believe our inventory allowances remain adequate with the net realizable value of our inventory being higher than our current inventory cost.

If there were to be a sudden and significant decrease in demand for our products, significant price reductions, or if there were a higher incidence of inventory obsolescence for any reason, including a change in technology or customer requirements, we could be required to increase our inventory allowances and our gross profit could be adversely affected.

Penalty Accruals

Some of our customer agreements, primarily in our project related businesses, contain late shipment penalty clauses whereby we are contractually obligated to pay consideration to our customers if we do not meet specified shipment dates. The accrual for estimated penalties is shown as a reduction of revenue and is based on several factors including limited historical customer settlement experience and management's assessment of specific shipment delay information. Accruals related to these potential late shipment penalties as of April 1, 2012, and December 31, 2011 were \$10.7 million and \$9.4 million, respectively. As we conclude performance under these agreements, the actual amount of consideration paid to our customers may vary significantly from the amounts we currently have accrued.

Acquisition Accounting

In connection with our acquisitions, we assess and formulate a plan related to the future integration of the acquired entity. This process begins during the due diligence phase and is concluded within twelve months of the acquisition. Our methodology for determining the fair values relating to purchase acquisitions is determined through established valuation techniques for industrial manufacturing companies and we utilize third party valuation firms to assist in the valuation of certain tangible and intangible assets.

Legal Contingencies

We are currently involved in various legal claims and legal proceedings, some of which may involve substantial dollar amounts. Periodically, we review the status of each significant matter and assess our potential financial exposure. If the potential loss from any claim or legal proceeding is considered probable and the amount can be estimated, we accrue a liability for the estimated loss. Significant judgment is required in both the determination of probability and the determination as to whether an exposure can be reasonably estimated. Because of uncertainties related to these matters, accruals are based on the best information available at the time. As additional information becomes available, we reassess the potential liability related to our pending claims and litigation and may revise our estimates. Such revisions in the estimates of the potential liabilities could have a material adverse effect on our business, results of operations and financial position. For more information related to our outstanding legal proceedings, see "Contingencies and Commitments" in Note 10 of the accompanying unaudited consolidated financial statements as well as "Legal Proceedings" in Part II, Item 1 hereof.

Impairment Analysis

As required by ASC Topic 350, "Goodwill and Intangible Assets," we perform an annual assessment as to whether there was an indication that goodwill and certain intangible assets are impaired. We also perform impairment analyses whenever events and circumstances indicate that goodwill or certain intangibles may be impaired. In assessing the fair value of goodwill, we use our best estimates of future cash flows of operating activities and capital expenditures of the reporting unit, the estimated terminal value for each reporting unit and a discount rate based on the weighted average cost of capital.

If our estimates or related projections change in the future due to changes in industry and market conditions, we may be required to record additional impairment charges. The goodwill recorded on the consolidated balance sheet as of April 1, 2012 increased \$0.9 million to \$78.7 million compared to \$77.8 million as of December 31, 2011 due to foreign currency fluctuations. There were no indicators of impairment as of April 1, 2012.

Income Taxes

For 2012, we expect an effective income tax rate of approximately 30.0%. Our future effective tax rates could be adversely affected by earnings being lower than anticipated in countries where we have lower statutory rates and vice versa. Changes in the valuation of our deferred tax assets or liabilities, or changes in tax laws or interpretations thereof may also adversely affect our future effective tax rate. In addition, we are subject to the continuous examination of our income tax returns by the Internal Revenue Service and other tax authorities. We regularly assess the likelihood of adverse outcomes resulting from these examinations to determine the adequacy of our provision for income taxes.

The Company has a domestic deferred income tax asset and a net foreign deferred tax asset. With regard to deferred income tax assets, we maintained a total valuation allowance of \$10.6 million at April 1, 2012 and December 31, 2011 due to uncertainties related to our ability to utilize certain of these assets, primarily consisting of certain foreign tax credits, state net operating losses and state tax credits carried forward. The valuation allowance is based on estimates of taxable income in each of the jurisdictions in which we operate and the period over which our deferred tax assets will be recoverable. If market conditions improve and future results of operations exceed our current expectations, our existing tax valuation allowances may be adjusted, resulting in future tax benefits. Alternatively, if market conditions deteriorate or future results of operations are less than expected, future assessments may result in a determination that some or all of the deferred tax assets are not realizable. Consequently, we may need to establish additional tax valuation allowances for all or a portion of the gross deferred tax assets, which may have a material adverse effect on our business, results of operations and financial condition. The Company has had a history of domestic and foreign taxable income, is able to avail itself of federal tax carryback provisions, has future taxable temporary differences and projects future domestic and foreign taxable income. We believe that after considering all of the available objective evidence, it is more likely than not that the results of future operations will generate sufficient taxable income to realize the remaining deferred tax assets.

Pension Benefits

We maintain two pension benefit plans, a qualified noncontributory defined benefit plan and a nonqualified, noncontributory defined benefit supplemental plan that provides benefits to certain highly compensated officers and employees. To date, the supplemental plan remains an unfunded plan. These plans include significant pension benefit obligations which are calculated based on actuarial valuations. Key assumptions are made in determining these obligations and related expenses, including expected rates of return on plan assets and discount rates. Benefits are based primarily on years of service and employees' compensation.

As of July 1, 2006, in connection with a revision to our retirement plan, we froze the pension benefits of our qualified noncontributory plan participants. Under the revised plan, such participants generally do not accrue any additional benefits under the defined benefit plan after July 1, 2006 and instead receive enhanced benefits associated with our defined contribution 401(k) plan in which substantially all of our U.S. employees are eligible to participate.

During the three months ended April 1, 2012, we made cash contributions of \$0.4 million to our qualified defined benefit pension plan. For the remainder of 2012, we expect to make voluntary cash contributions of approximately \$1.2 million to our qualified defined benefit pension plan, although global capital market and interest rate fluctuations may impact future funding requirements.

[Table of Contents](#)
Results of Operations for the Three Months Ended April 1, 2012 Compared to the Three Months Ended April 3, 2011

The following tables set forth the results of operations, percentage of net revenues and the period-to-period percentage change in certain financial data for the three months ended April 1, 2012 and April 3, 2011:

	Three Months Ended April 1, 2012		Three Months Ended April 3, 2011		% Change
	(Dollars in thousands)				
Net revenues	\$214,280	100.0%	\$203,370	100.0%	5.4%
Cost of revenues	155,668	72.6	147,142	72.4	5.8
Gross profit	58,612	27.4	56,228	27.6	4.2
Selling, general and administrative expenses	44,912	21.0	42,455	20.9	5.8
Leslie asbestos and bankruptcy charges, net	0	0.0	1,001	0.5	(100.0)
Operating income	13,700	6.4	12,772	6.3	7.3
Other (income) expense:					
Interest expense, net	1,081	0.5	773	0.4	39.8
Other expense, net	138	0.1	915	0.4	(84.8)
Total other expense	1,219	0.6	1,688	0.8	(27.7)
Income before income taxes	12,481	5.8	11,084	5.5	12.6
Provision for income taxes	3,896	1.8	3,178	1.6	22.6
Net income	\$ 8,585	4.0%	\$ 7,906	3.9%	8.6%

Net Revenues

Net revenues for the three months ended April 1, 2012 increased by \$10.9 million, or 5%, to \$214.3 million from \$203.4 million for the three months ended April 3, 2011. The increase in net revenues for the three months ended April 1, 2012 was attributable to the following:

Segment	Three Months Ended		Total Change (In thousands)	Acquisitions	Operations	Foreign Exchange
	April 1, 2012	April 3, 2011				
Energy	\$ 109,264	\$ 99,170	\$10,094	\$ 1,525	\$ 10,839	\$(2,270)
Aerospace	38,085	32,110	5,975	0	6,538	(563)
Flow Technologies	66,931	72,090	(5,159)	0	(4,335)	(824)
Total	<u>\$ 214,280</u>	<u>\$ 203,370</u>	<u>\$10,910</u>	<u>\$ 1,525</u>	<u>\$ 13,042</u>	<u>\$(3,657)</u>

The Energy segment accounted for 51% of net revenues for the three months ended April 1, 2012 compared to 49% for the three months ended April 3, 2011. The Aerospace segment accounted for 18% of net revenues for the three months ended April 1, 2012 compared to 16% for the three months ended April 3, 2011. The Flow Technologies segment accounted for 31% of net revenues for the three months ended April 1, 2012 compared to 35% for the three months ended April 3, 2011.

Energy segment revenues increased by \$10.1 million, or 10%, for the quarter ended April 1, 2012 compared to the quarter ended April 3, 2011. The increase was primarily driven by \$10.8 million of organic growth across most of the segment with significant increases in the short-cycle North American area, partially offset by a decline in large international project shipments. In addition, this year over year increase was due to \$1.5 million in additional revenue from the first quarter 2011 acquisition of Valvulas S.F. Industria e Comercio Ltda. ("SF Valves") located in Brazil, partially offset by unfavorable foreign currency fluctuations of \$2.2 million. Energy segment orders increased \$21.9 million to \$135.6 million for the three months ended April 1, 2012 compared to \$113.7 million for the same period in 2011 primarily due to strength in short-cycle businesses, partially offset by lower international project orders which were very strong in the first quarter of 2011. Backlog for our Energy segment has decreased by \$7.9 million to \$195.2 million as of April 1, 2012 compared to \$203.1 million as of April 3, 2011. During the first quarter of 2012 we continued to see increases in North American short-cycle activities. Large international project orders including pricing are slowly improving.

Aerospace segment revenues increased by \$6.0 million, or 19%, for the quarter ended April 1, 2012 compared to the same period in 2011. The increase was due to organic growth of \$6.5 million across most areas with the exception of military aftermarket, partially offset by unfavorable foreign currency fluctuations of \$0.5 million. Orders for this segment increased \$7.4 million to \$40.2 million for the three months ended April 1, 2012 compared to \$32.8 million for the same period in 2011. This order increase was primarily due to increases in military projects and other programs. Order backlog increased \$25.8 million to \$161.1 million as of April 1, 2012 compared to \$135.3 million as of April 3, 2011 primarily due to a large multi-year military landing gear order placed in the third quarter of 2011.

[Table of Contents](#)

Flow Technologies segment revenues decreased by \$5.2 million, or 7%, for the quarter ended April 1, 2012 compared to the same period in 2011. The revenue decrease was due to net organic declines of \$4.3 million and unfavorable foreign currency fluctuations of \$0.8 million. The organic revenue decline was primarily due to lower light emitting diode (“LED”) equipment shipments partially offset by organic growth across most other businesses. This segment’s customer orders decreased \$2.1 million to \$72.9 million for the quarter ended April 1, 2012 compared to \$75.0 million for the same period in 2011 with improvement in most markets excluding the LED equipment market. Order backlog declined \$4.7 million to \$76.0 million as of April 1, 2012 compared to \$80.7 million as of April 3, 2011, primarily driven by lower LED equipment and Navy backlog.

Gross Profit

Consolidated gross profit increased \$2.4 million, or 4%, to \$58.6 million for the quarter ended April 1, 2012 compared to \$56.2 million for the quarter ended April 3, 2011. Consolidated gross margin decreased 20 basis points to 27.4% for the quarter ended April 1, 2012 from 27.6% for the quarter ended April 3, 2011.

Gross profit for the Energy segment increased \$3.3 million, or 16%, for the quarter ended April 1, 2012 compared to the same period in 2011. The gross profit increase was primarily due to \$3.5 million of organic increases, partially offset by \$0.2 million in foreign exchange rates compared to the U.S. dollar. Gross margins improved 110 basis points to 22.3% for the quarter ended April 1, 2012 compared to 21.2% for the same period in 2011. This increase was primarily driven by volume and associated leverage, improved project pricing and favorable mix, partially offset by growth investments in Brazil.

Gross profit for the Aerospace segment increased \$0.4 million, or 3%, for the quarter ended April 1, 2012 compared to the quarter ended April 3, 2011. This gross profit increase was primarily due to \$0.6 million from organic increases, partially offset by unfavorable foreign currency fluctuations of \$0.2 million. Gross margins declined by 470 basis points to 31.6% for the quarter ended April 1, 2012 from 36.3% for the quarter ended April 3, 2011 primarily due to continued large future program expenses including product development and manufacturing capabilities. These declines were partially offset by the increased volume and associated leverage.

Gross profit for the Flow Technologies segment decreased \$1.3 million, or 6%, for the quarter ended April 1, 2012 compared to the quarter ended April 3, 2011. Lower organic revenues resulted in an approximate \$1.0 million of lower gross profit and unfavorable foreign currency fluctuations contributed a decrease of \$0.3 million. Gross margins improved 50 basis points to 33.2% for the quarter ended April 1, 2012 from 32.7% for the quarter ended April 3, 2011 primarily due to favorable pricing and mix, partially offset by lower volume and associated leverage.

Selling, General and Administrative Expenses

Selling, general and administrative expenses increased \$2.5 million, or 6%, to \$44.9 million for the quarter ended April 1, 2012 compared to \$42.4 million for the three months ended April 3, 2011. Selling, general and administrative expenses as a percentage of revenues increased 10 basis points to 21.0% for the three months ended April 1, 2012 compared to 20.9% for the three months ended April 3, 2011.

Selling, general and administrative expenses for the Energy segment increased 5%, or \$0.8 million for the quarter ended April 1, 2012 compared to the same period in 2011. Organic increases, inclusive of higher commissions, increased selling resources and higher personnel-related expenses accounted for \$0.7 million of the total increase. In addition, the SF Valves acquisition in the first quarter of 2011 added \$0.4 million in expenses. These increases were partially offset by \$0.3 million of favorable foreign currency fluctuations.

Selling, general and administrative expenses for the Aerospace segment remained essentially flat at \$7.9 million for the quarters ended April 1, 2012 and April 3, 2011. Organic increases of \$0.1 million were offset by favorable foreign currency fluctuations of \$0.1 million.

Selling, general and administrative expenses for the Flow Technologies segment increased 7%, or \$0.9 million for the quarter ended April 1, 2012 compared to the same period in 2011 primarily due to organic increases of \$1.1 million, mainly from growth initiatives. The organic increases were partially offset by favorable foreign currency fluctuations of \$0.2 million.

Corporate, general and administrative expenses increased \$0.7 million to \$6.9 million for the quarter ended April 1, 2012 compared to the same period in 2011. The increase was primarily due to higher professional fees.

[Table of Contents](#)

Leslie Asbestos and Bankruptcy Related Charges, Net

Asbestos and bankruptcy related charges are primarily associated with our Leslie subsidiary in the Flow Technologies segment. There were no ongoing costs associated with Leslie's asbestos litigation for the three months ended April 1, 2012. The \$1.0 million bankruptcy related charges for the period ending April 3, 2011 was comprised of bankruptcy related professional fees. For more information on asbestos related litigation, see "Contingencies, Commitments and Guarantees" in Note 10 of the accompanying consolidated financial statements as well as "Legal Proceedings" in Part II, Item 1.

Operating Income

The change in operating income for the three months ended April 1, 2012 compared to the three months ended April 3, 2011 was as follows:

Segment	Three Months Ended		Total Change	Acquisitions	Operations	Foreign Exchange
	April 1, 2012	April 3, 2011				
(Dollars In thousands)						
Energy	\$ 8,928	\$ 6,393	\$ 2,535	\$ (398)	\$ 2,777	\$ 156
Aerospace	4,124	3,727	397	0	472	(75)
Flow Technologies	7,587	9,116	(1,529)	0	(1,396)	(133)
Corporate	(6,939)	(6,464)	(475)	0	(473)	(2)
Total	\$ 13,700	\$ 12,772	\$ 928	\$ (398)	\$ 1,380	\$ (54)

Operating income increased 7%, or \$0.9 million, to \$13.7 million for the three months ended April 1, 2012 compared to \$12.8 million for the same period in 2011.

Operating income for our Energy segment increased \$2.5 million, or 40%, to \$8.9 million for the quarter ended April 1, 2012, compared to the same period in 2011. Operating margins improved 180 basis points to 8.2% on a revenue increase of 10%, compared to the first quarter in 2011. The increase in operating income was primarily due to the significant volume increase and the associated leverage in our North American businesses, improved pricing in large international projects and favorable mix, partially offset by growth investments in Brazil.

Operating income for the Aerospace segment increased \$0.4 million, or 11%, to \$4.1 million for the quarter ended April 1, 2012 compared to the same period in 2011. Operating margins declined by 80 basis points from 11.6% for the quarter ended April 3, 2011 to 10.8% for the quarter ended April 1, 2012 primarily due to continued large future program expenses including product development and manufacturing capabilities, which were partially offset by the increased volume and associated leverage.

Operating income for the Flow Technologies segment decreased \$1.5 million, or 17%, to \$7.6 million for the quarter ended April 1, 2012 compared to the same period in 2011. The most significant factors contributing to this decrease were declines in the LED equipment market and higher spending on growth initiatives.

Corporate operating expenses increased \$0.5 million, or 8%, for the quarter ended April 1, 2012 compared to the same period in 2011, largely due to higher professional fees.

Interest Expense, Net

Interest expense, net, increased \$0.3 million for the three months ended April 1, 2012 compared to the three months ended April 3, 2011. This increase in interest expense was primarily due to higher interest charges from higher borrowings associated with our revolving credit facility and other borrowings.

Other Expense, Net

Other expense, net, was \$0.1 million for the quarter ended April 1, 2012 compared to \$0.9 million in the same period of 2011. The difference of \$0.8 million was largely the result of the remeasurement of foreign currency balances.

Provision for Taxes

The effective tax rate was 31.2% for the quarter ended April 1, 2012 compared to 28.7% for the same period of 2011. The primary driver of the higher 2012 tax rate was the effect of certain discrete tax items.

[Table of Contents](#)

Net Income

Net income increased \$0.7 million to \$8.6 million for the quarter ended April 1, 2012 compared to \$7.9 million for the same period in 2011.

Liquidity and Capital Resources

Our liquidity needs arise primarily from capital investment in machinery, equipment and the improvement of facilities, funding working capital requirements to support business growth initiatives, acquisitions, dividend payments, pension funding obligations and debt service costs. We have historically generated cash from operations and remain in a strong financial position, with resources available for reinvestment in existing businesses, strategic acquisitions and managing our capital structure on a short and long-term basis.

The following table summarizes our cash flow activities for the three months ended April 1, 2012 (In thousands):

Cash flow (used in) provided by:	
Operating activities	\$ (2,967)
Investing activities	(4,107)
Financing activities	(7,755)
Effect of exchange rates on cash and cash equivalents	1,265
Decrease in cash and cash equivalents	<u><u>\$ (13,564)</u></u>

During the quarter ended April 1, 2012, we used \$3.0 million in operating activities compared to generating \$3.2 million during the same period in 2011. The higher amount of cash used in operating activities was primarily due to increases in accounts payable payments, and other working capital requirements, partially offset by higher net income compared to 2011. The \$4.1 million used by investing activities primarily consists of net purchases of capital equipment. Financing activities used \$7.8 million, which included a net \$6.7 million reduction of borrowings and \$0.7 million used to pay dividends to shareholders.

As of April 1, 2012, total debt was \$98.7 million compared to \$105.1 million at December 31, 2011. Total debt as a percentage of total shareholders' equity was 25% as of April 1, 2012 compared to 27% as of December 31, 2011.

On May 2, 2011, we entered into a five year unsecured credit agreement ("2011 Credit Agreement") that provides for a \$300.0 million revolving line of credit. The 2011 Credit Agreement includes a \$150.0 million accordion feature for a maximum facility size of \$450.0 million. The 2011 Credit Agreement also allows for additional indebtedness not to exceed \$80 million. We anticipate using the 2011 Credit Agreement to fund potential acquisitions, to support our organic growth initiatives and working capital needs, and for general corporate purposes. As of April 1, 2012, we had borrowings of \$94.2 million outstanding under our credit facility and \$47.8 million was allocated to support outstanding letters of credit.

Certain of our loan agreements contain covenants that require, among other items, maintenance of certain financial ratios and also limit our ability to: enter into secured and unsecured borrowing arrangements; issue dividends to shareholders; acquire and dispose of businesses; invest in capital equipment; transfer assets among domestic and international entities; participate in certain higher yielding long-term investment vehicles; and issue additional shares of our stock. The two primary financial covenants are leverage ratio and interest coverage ratio. We were in compliance with all financial covenants related to our existing debt obligations on April 1, 2012 and we believe it is reasonably likely that we will continue to meet such covenants in the near future.

The ratio of current assets to current liabilities was 2.43:1 as of April 1, 2012 compared to 2.27:1 at December 31, 2011. The increase in the current ratio was primarily due to the payment of short term borrowings, which reduced our current liabilities compared to December 31, 2011. As of April 1, 2012, cash and cash equivalents totaled \$41.3 million of which \$34.8 million was held in foreign bank accounts. This compares to \$54.9 million of cash and cash equivalents as of December 31, 2011 of which \$51.2 million was held in foreign bank accounts. The cash and cash equivalents located at our foreign subsidiaries may not be repatriated to the United States or other jurisdictions without significant tax implications.

On November 4, 2010, we filed with the SEC a shelf registration statement on Form S-3 under which we may issue up to \$400 million of securities including debt securities, common stock, preferred stock, warrants to purchase any such securities and units comprised of any such securities (the "Securities"). The registration statement was declared effective by the SEC on December 17, 2010. We may offer these Securities from time to time in amounts, at prices and on terms to be determined at the time of sale. We believe that with this registration statement, we will have greater flexibility to take advantage of financing opportunities, acquisitions and other business opportunities when and if such opportunities arise. Depending on market conditions, we may issue securities under this or future registration statements or in private offerings exempt from registration requirements.

[Table of Contents](#)

In 2012, we expect to generate positive cash flow from operating activities sufficient to support our capital expenditures and pay dividends of approximately \$2.7 million based on our current dividend practice of paying \$0.15 per share annually. Based on our expected cash flows from operations and contractually available borrowings under our credit facilities, we expect to have sufficient liquidity to fund working capital needs and future growth. We continue to search for strategic acquisitions; a larger acquisition may require additional borrowings and / or the issuance of our common stock.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements other than operating leases and these leases are not reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures, or capital resources that is material to investors.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Interest Rate Sensitivity Risk

As of April 1, 2012, our primary interest rate risk is related to borrowings under our revolving credit facility. The interest rate for our revolving credit facility fluctuates with changes in short-term interest rates. We had \$94.2 million borrowed under our revolving credit facility as of April 1, 2012. Based upon expected levels of borrowings under our credit facility in 2012, an increase in variable interest rates of 100 basis points would have an effect on our annual results of operations and cash flows of \$0.6 million.

Foreign Currency Exchange Risk

The Company is exposed to certain risks relating to its ongoing business operations including foreign currency exchange rate risk and interest rate risk. The Company currently uses derivative instruments to manage foreign currency risk on certain business transactions denominated in foreign currencies. To the extent the underlying transactions hedged are completed, these forward contracts do not subject us to significant risk from exchange rate movements because they offset gains and losses on the related foreign currency denominated transactions. These forward contracts do not qualify as hedging instruments and, therefore, do not qualify for fair value or cash flow hedge treatment. Any unrealized gains and losses on our contracts are recognized as a component of other expense in our consolidated statements of operations.

As of April 1, 2012, we had eleven forward contracts with total values as follows (in thousands):

Currency	Number	Contract Amount	
U.S. Dollar/GBP	3	1,079	U.S. Dollars
Euro/GBP	1	279	Euros
Canadian Dollar/Euro	1	7,236	Canadian Dollars
Euro/U.S. Dollar	1	2,000	Euros
Brazilian Real/Euro	5	12,500	Brazilian Reals

This compares to six forward contracts as of December 31, 2011. The fair value liability of the derivative forward contracts as of April 1, 2012 was less than \$0.1 million and is included in accrued expenses and other current liabilities on our balance sheet. This compares to a fair value asset of approximately \$0.1 million that was included in prepaid expenses and other current assets on our balance sheet as of December 31, 2011. These forward contracts have expiration dates ranging from less than one month to five years from April 1, 2012.

We have determined that the majority of the inputs used to value our foreign currency forward contracts fall within Level 2 of the fair value hierarchy, found under ASC Topic 820. The credit valuation adjustments, such as estimates of current credit spreads to evaluate the likelihood of default by ourselves and our counterparties are Level 3 inputs. However, we have assessed the significance of the impact of the credit valuation adjustments on the overall valuation of our foreign currency forward contracts and determined that the credit valuation adjustments are not significant to the overall valuation. As a result, we have determined that our derivative valuations in their entirety are classified in Level 2 of the fair value hierarchy.

ITEM 4. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer (our principal executive officer and principal financial officer, respectively), has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934) as of the end of the period covered by this report on Form 10-Q. Based on this evaluation, our principal executive officer and principal financial officer have concluded that, as of the end

[Table of Contents](#)

of the period covered by this report, the Company's disclosure controls and procedures were designed and were effective to give reasonable assurance that information we disclose in reports that we file or submit under the Securities Exchange Act of 1934 is accumulated and communicated to management, including our principal executive and financial officers, to allow timely decisions regarding disclosure and that such information is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms.

Changes in Internal Controls Over Financial Reporting

We have made no changes in our internal controls over financial reporting during the quarter ended April 1, 2012 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION.

ITEM 1. LEGAL PROCEEDINGS.

Asbestos Litigation

Background

On July 12, 2010 (the "Filing Date"), our subsidiary Leslie Controls, Inc. ("Leslie") filed a voluntary petition (the "Bankruptcy Filing") under Chapter 11 of the U.S. Bankruptcy Code in the U.S. Bankruptcy Court for the District of Delaware and, simultaneously, filed a pre-negotiated plan of reorganization (as amended, the "Reorganization Plan" or "Plan") in an effort to permanently resolve Leslie's exposure to asbestos-related product liability actions. On February 7, 2011, the U.S. Federal District Court for the District of Delaware (the "District Court") affirmed the Bankruptcy Court's earlier order confirming Leslie's Reorganization Plan, thus clearing the way for Leslie to emerge from bankruptcy. On April 28, 2011, pursuant to the terms of the Reorganization Plan, Leslie and CIRCOR contributed \$76.6 million in cash and a \$1 million promissory note (the "Note") to fund the Leslie Controls Asbestos Trust (the "Trust"), and Leslie emerged from Chapter 11 bankruptcy protection. Under the terms of the Plan, all current and future asbestos related claims against Leslie, as well as all current and future derivative claims against CIRCOR, are now permanently channeled to the Trust, and the only remaining financial obligation of Leslie and CIRCOR is payment of the Note. On September 30, 2011, the District Court entered an order for the final decree closing the Chapter 11 case. For a more detailed historical perspective on Leslie's asbestos related litigation and associated pre-bankruptcy liability accounting, see "Item 3. Legal Proceedings" in our Annual Report on Form 10-K for the Fiscal Year ended December 31, 2010.

Accounting—Net Leslie Asbestos and Bankruptcy Liability & Financial Statement Impact

As of December 31, 2011, the net Leslie asbestos and bankruptcy liability was \$1.0 million, which represents the remaining payment to the Trust after the initial funding of \$78.8 million was made on April 28, 2011. This remaining \$1.0 million was paid to the Trust in late April 2012.

There were no ongoing pre-tax costs associated with Leslie's asbestos litigation for the three months ended April 1, 2012. The \$1.0 million bankruptcy related charges for the period ending April 3, 2011 is comprised solely of bankruptcy related professional fees.

<u>(In Thousands)</u>	<u>April 1, 2012</u>	<u>December 31, 2011</u>
Amounts payable to 524(g) trust	\$ 1,000	\$ 1,000
Net Leslie asbestos and bankruptcy liability	<u>\$ 1,000</u>	<u>\$ 1,000</u>

<u>(In Thousands)</u>	<u>Three Months Ended</u>	
	<u>April 1, 2012</u>	<u>April 3, 2011</u>
Bankruptcy related costs	\$ 0	\$ 1,001
Net pre-tax Leslie asbestos and bankruptcy charges	<u>\$ 0</u>	<u>\$ 1,001</u>

Other Matters

Smaller numbers of asbestos-related claims have also been filed against two of our other subsidiaries—Spence Engineering Company, Inc. ("Spence"), the stock of which we acquired in 1984; and Hoke Incorporated ("Hoke"), the stock of which we acquired in 1998. Due to the nature of the products supplied by these entities, the markets they serve and our historical experience in resolving these claims, we do not believe that asbestos-related claims will have a material adverse effect on the financial condition, results of operations or liquidity of Spence or Hoke, or the financial condition, consolidated results of operations or liquidity of the Company.

[Table of Contents](#)

During the third quarter of 2011, we commenced arbitration proceedings against T.M.W. Corporation (“TMW”), the seller from which we acquired the assets of Castle Precision Industries in August 2010, seeking to recover damages from TMW for breaches of certain representations and warranties made by TMW in the Asset Purchase Agreement dated August 3, 2010 relative to such acquisition. We currently are in the discovery phase of this arbitration and expect the actual hearings to occur late in fiscal 2012 at the earliest.

ITEM 1A. RISK FACTORS.

We have not identified any material changes from the risk factors as previously disclosed in Item 1A. to Part I of our Annual Report on Form 10-K for the year ended December 31, 2011.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

Working Capital Restrictions and Limitations upon Payment of Dividends

Certain of our loan agreements contain covenants that require, among other items, maintenance of certain financial ratios and also limit our ability to: enter into secured and unsecured borrowing arrangements; issue dividends to shareholders; acquire and dispose of businesses; invest in capital equipment; transfer assets among domestic and international entities; participate in certain higher yielding long-term investment vehicles; and issue additional shares of our stock. The two primary financial covenants are leverage ratio and interest coverage ratio. We were in compliance with all covenants related to our existing debt obligations at April 1, 2012 and December 31, 2011. We believe it is reasonably likely that we will continue to meet such covenants in the near future.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

EXECUTIVE CHANGE OF CONTROL AGREEMENT

This EXECUTIVE CHANGE OF CONTROL AGREEMENT ("Agreement") is made as of the 5th day of March 2012, between CIRCOR, Inc., a Massachusetts corporation (the "Company"), and Mahesh Joshi ("Executive").

WHEREAS, the Company presently employs the Executive in which capacity the Executive serves as an officer of the Company and its Parent (as defined below); and

WHEREAS, the Board of Directors of the Parent (the "Board") recognizes the valuable services rendered to the Company, the Parent and their respective affiliates by the Executive; and

WHEREAS, the Board has determined that it is in the best interests of the Company, the Parent and their affiliates to encourage in advance the continued loyalty of the Executive as well as the Executive's continued attention to his assigned duties and objectivity in the event of a threatened or possible change in control of the Parent;

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Definitions. For purposes of this Agreement, the following terms shall have the following meanings:

"Cause" shall mean: (a) conduct by Executive constituting a material act of willful misconduct in connection with the performance of his duties, including, without limitation, misappropriation of funds or property of the Company or any of its affiliates other than the occasional, customary and de minimis use of Company property for personal purposes; (b) criminal or civil conviction of Executive, a plea of *nolo contendere* by Executive or conduct by Executive that would reasonably be expected to result in material injury to the reputation of the Company if he were retained in his position with the Company, including, without limitation, conviction of a felony involving moral turpitude; (c) continued, willful and deliberate non-performance by Executive of his duties hereunder (other than by reason of Executive's physical or mental illness, incapacity or disability) which has continued for more than thirty (30) days following written notice of such non-performance from the Chief Executive Officer; or (d) a violation by Executive of the Company's employment policies which has continued following written notice "of such violation from the Chief Executive Officer.

"Change in Control" shall mean any of the following:

(a) Any "person," as such term is used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended (the "Act") (other than the Parent, any of its subsidiaries, any member of the Home Family Group (as defined herein) or any trustee, fiduciary or other person or entity holding securities under any employee benefit plan or trust of the Parent or any of its subsidiaries), together with all "affiliates" and "associates" (as such terms are defined in Rule 12b-2 under the Act) of such person, shall become the "beneficial owner" (as such term is defined in Rule 13d-3 under the Act), directly or indirectly, of securities of the Parent representing twenty-five percent (25%) or more of either (A) the combined voting power of the Parent's then outstanding securities having the right to vote in an election of the Parent's Board ("Voting Securities") or (B) the then outstanding shares of Parent's common stock, par value \$0.01 per share ("Common Stock") (other than as a result of an acquisition of securities directly from the Parent); or

(b) Incumbent Directors (as defined below) cease for any reason, including, without limitation, as a result of a tender offer, proxy contest, merger or similar transaction, to constitute at least a majority of the Board; or

(c) The stockholders of the Parent shall approve (A) any consolidation or merger of the Parent where the stockholders of the Parent, immediately prior to the consolidation or merger, would not, immediately after the consolidation or merger, beneficially own (as such term is defined in Rule 13d-3 under the Act), directly or indirectly, shares representing in the aggregate fifty percent (50%) or more of the voting shares of the Parent or other party issuing cash or securities in the consolidation or merger (or of its ultimate parent corporation, if any), (B) any sale, lease, exchange or other transfer (in one transaction or a series of transactions contemplated or arranged by any party as a single plan) of all or substantially all of the assets of the Parent or (C) any plan or proposal for the liquidation or dissolution of the Parent.

Notwithstanding the foregoing, a "Change of Control" shall not be deemed to have occurred for purposes of the foregoing clause (a) solely as the result of an acquisition of securities by the Parent which, by reducing the number of shares of Common Stock or other Voting Securities outstanding, increases the proportionate number of shares beneficially owned by any person to twenty-five percent (25%) or more of either (A) the combined voting power of all of the then outstanding Voting Securities or (B) Common Stock; provided, however, that if any person referred to in this sentence shall thereafter become the beneficial owner of any additional shares of Voting Securities or Common Stock (other than pursuant to a stock split, stock dividend, or similar transaction or as a result of an acquisition of securities directly from the Parent) and immediately thereafter beneficially owns twenty-five percent (25%) or more of either (A) the combined voting power of all of the then outstanding Voting Securities or (B) Common Stock, then a "Change of Control" shall be deemed to have occurred for purposes of the foregoing clause (a).

“Good Reason” shall mean that Executive has complied with the “Good Reason Process” (hereinafter defined) following the occurrence of any of the following events: (a) a material diminution in the Executive’s responsibilities, authority or duties; (b) a material diminution in the Executive’s Base Salary except for across-the-board salary reductions based on the Company’s financial performance similarly affecting all or substantially all senior management employees of the Company; (c) a material change in the geographic location at which the Executive provides services to the Company, provided that such change shall be more than thirty (30) miles from such location; or (d) the material breach of this Agreement by the Company. “Good Reason Process” shall mean that (i) Executive reasonably determines in good faith that a “Good Reason” event has occurred; (ii) Executive notifies the Company in writing of the occurrence of the Good Reason event within sixty (60) days of the occurrence of such event; (iii) Executive cooperates in good faith with the Company’s efforts, for a period not less than ninety (90) days following such notice, to modify Executive’s employment situation in a manner acceptable to Executive and Company; and (iv) notwithstanding such efforts, one or more of the Good Reason events continues to exist and has not been modified in a manner acceptable to Executive. If the Company cures the Good Reason event in a manner acceptable to Executive during the ninety (90) day period, Good Reason shall be deemed not to have occurred.

“Incumbent Directors” shall mean persons who, as of the Commencement Date, constitute the Board; provided that any person becoming a director of the Parent subsequent to the Commencement Date shall be considered an Incumbent Director if such person’s election was approved by or such person was nominated for election by a vote of at least a majority of the Incumbent Directors; but provided further, that any such person whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of members of the Board or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Board, including by reason of agreement intended to avoid or settle any such actual or threatened contest or solicitation, shall not be considered an Incumbent Director.

“Parent” shall mean CIRCOR International, Inc., a Delaware corporation as well as its successors by merger or otherwise.

2. **Term.** The term of this Agreement shall extend from the date hereof (the “Commencement Date”) until the first anniversary of the Commencement Date; provided, however, that the term of this Agreement shall automatically be extended for one additional year on the first anniversary of the Commencement Date and each anniversary thereafter unless, not less than 90 days prior to each such date, either party shall have given notice to the other that it does not wish to extend this Agreement; provided, further, that if a Change in Control occurs during the original or extended term of this Agreement, the term of this Agreement shall continue in effect for a period of not less than twelve (12) months beyond the month in which the Change in Control occurred.

3. **Change in Control Payment.** The provisions of this Paragraph 3 set forth certain terms of an agreement reached between Executive and the Company regarding Executive’s rights and obligations upon the occurrence of a Change in Control of the Parent. These provisions are intended to assure and encourage in advance Executive’s continued attention and dedication to his assigned duties and his objectivity during the pendency and after the occurrence of any such event. These provisions shall terminate and be of no further force or effect beginning twelve (12) months after the occurrence of a Change of Control.

(a) Change in Control.

(i) If within twelve (12) months after the occurrence of the first event constituting a Change in Control, Executive’s employment is terminated by the Company without Cause as defined in Section 1 or Executive terminates his employment for Good Reason as provided in Section 1, then the Company shall pay Executive a lump sum in cash in an amount equal to two (2) times the sum of (A) Executive’s current Base Salary plus (B) Executive’s current target annual incentive compensation under the Company’s Executive Bonus Incentive Plan in the three (3) immediately preceding fiscal years, excluding any sign-on bonus, retention bonus or any other special bonus. Such lump sum cash payment shall be paid to Executive within thirty (30) days following the date of termination of Executive’s employment; and

(ii) Notwithstanding anything to the contrary in any applicable option agreement or stock-based award agreement, upon a Change in Control, all stock options and other stock-based awards granted to Executive by the Parent shall immediately accelerate and become exercisable or non-forfeitable as of the effective date of such Change in Control. In addition, all restricted stock units held by the Executive pursuant to the Management Stock Purchase Plan shall become fully vested upon a Change of Control and the Executive shall be entitled to receive the shares of stock represented by such restricted stock units. Executive shall also be entitled to any other rights and benefits with respect to stock-related awards, to the extent and upon the terms, provided in the employee stock option or incentive plan or any agreement or other instrument attendant thereto pursuant to which such options or awards were granted; and

(iii) The Company shall, for a period of two (2) years commencing on the date of termination of Executive’s employment, pay such health insurance premiums as may be necessary to allow Executive, Executive’s spouse and dependents to continue to receive health insurance coverage substantially similar to the coverage they received prior to the date of termination of Executive’s employment.

(b) Additional Limitation.

(i) Anything in this Agreement to the contrary notwithstanding, in the event that any compensation, payment or distribution by the Company to or for the benefit of Executive, whether paid or payable or distributed or distributable pursuant to the terms of this Agreement or otherwise (the "Severance Payments"), would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code of 1986, as amended (the "Code"), the following provisions shall apply:

(A) If the Severance Payments, reduced by the sum of (1) the Excise Tax and (2) the total of the Federal, state and local income and employment taxes payable by Executive on the amount of the Severance Payments which are in excess of the Threshold Amount, are greater than or equal to the Threshold Amount, Executive shall be entitled to the full benefits payable under this Agreement.

(B) If the Threshold Amount is less than (x) the Severance Payments, but greater than (y) the Severance Payments reduced by the sum of (1) the Excise Tax and (2) the total of the Federal, state, and local income and employment taxes on the amount of the Severance Payments which are in excess of the Threshold Amount, then the benefits payable under this Agreement shall be reduced (but not below zero) to the extent necessary so that the maximum Severance Payments shall not exceed the Threshold Amount. To the extent that there is more than one method of reducing the payments to bring them within the Threshold Amount, the Severance Payments shall be reduced in the following order: (i) cash payments not subject to Section 409A of the Internal Revenue Code of 1986, as amended (the "Code"); (ii) cash payments subject to Section 409A of the Code; (iii) equity-based payments; and (iv) non-cash form of benefits. To the extent any payment is to be made over time (e.g., in installments), then the payments shall be reduced in reverse chronological order.

For the purposes of this Paragraph 3, "Threshold Amount" shall mean three times Executive's "base amount" within the meaning of Section 280G(b)(3) of the Code and the regulations promulgated thereunder less one dollar (\$1.00); and "Excise Tax" shall mean the excise tax imposed by Section 4999 of the Code, and any interest or penalties incurred by Executive with respect to such excise tax.

(ii) The determination as to which of the alternative provisions of Paragraph 3(b)(i) shall apply to Executive shall be made by KPMG LLP or any other nationally recognized accounting firm selected by the Company (the "Accounting Firm"), which shall provide detailed supporting calculations both to the Company and Executive within 15 business days of the date of termination of Executive's employment, if applicable, or at such earlier time as is reasonably requested by the Company or Executive. For purposes of determining which of the alternative provisions of Paragraph 3(b)(i) shall apply, Executive shall be deemed to pay federal income taxes at the highest marginal rate of federal income taxation applicable to individuals for the calendar year in which the determination is to be made, and state and local income taxes at the highest marginal rates of individual taxation in the state and locality of Executive's residence on the date of termination of Executive's employment, net of the maximum reduction in federal income taxes which could be obtained from deduction of such state and local taxes. Any determination by the Accounting Firm shall be binding upon the Company and Executive.

4. Unauthorized Disclosures. Executive acknowledges that in the course of his employment with the Company (and, if applicable, its predecessors), he has been allowed to become, and will continue to be allowed to become, acquainted with the Company's and the Parent's business affairs, information, trade secrets, and other matters which are of a proprietary or confidential nature, including but not limited to the Company's, the Parent's and their affiliates' and predecessors' operations, business opportunities, price and cost information, finance, customer information, business plans, various sales techniques, manuals, letters, notebooks, procedures, reports, products, processes, services, and other confidential information and knowledge (collectively the "Confidential Information") concerning the Company's, the Parent's and their affiliates' and predecessors' business. The Company agrees to provide on an ongoing basis such Confidential Information as the Company deems necessary or desirable to aid Executive in the performance of his duties. Executive understands and acknowledges that such Confidential Information is confidential, and he agrees not to disclose such Confidential Information to anyone outside the Company or the Parent except to the extent that (i) Executive deems such disclosure or use reasonably necessary or appropriate in connection with performing his duties on behalf of the Company and the Parent, (ii) Executive is required by order of a court of competent jurisdiction (by subpoena or similar process) to disclose or discuss any Confidential Information, provided that in such case, Executive shall promptly inform the Company or the Parent, as appropriate, of such event, shall cooperate with the Company or the Parent, as appropriate, in attempting to obtain a protective order or to otherwise restrict such disclosure, and shall only disclose Confidential Information to the minimum extent necessary to comply with any such court order; (iii) such Confidential Information becomes generally known to and available for use in the Company's industry (the "Fluid-Control Industry"), other than as a result of any action or inaction by Executive; or (iv) such information has been rightfully received by a member of the Fluid-Control Industry or has been published in a form generally available to the Fluid-Control Industry prior to the date Executive proposes to disclose or use such information. Executive further agrees that he will not during employment and/or at any time thereafter use such Confidential Information in competing, directly or indirectly, with the Company or the Parent. At such time as Executive shall cease to be employed by the Company, he will immediately turn over to the Company or the Parent, as appropriate, all Confidential Information, including papers, documents, writings, electronically stored information, other property, and all copies of them provided to or created by him during the course of his employment with the Company. The provisions of this Paragraph 4 shall survive termination of this Agreement for any reason.

5. **Covenant Not to Compete.** In consideration of the benefits afforded the Executive under the terms provided in this Agreement and as a means to aid in the performance and enforcement of the terms of the provisions of Paragraph 4, Executive agrees that

(a) during the term of Executive's employment with the Company and for a period of twelve (12) months thereafter, regardless of the reason for termination of employment, Executive will not, directly or indirectly, as an owner, director, principal, agent, officer, employee, partner, consultant, servant, or otherwise, carry on, operate, manage, control, or become involved in any manner with any business, operation, corporation, partnership, association, agency, or other person or entity which is engaged in a business that is competitive with any of the Company's or the Parent's products which are produced by the Company or the Parent or any affiliate of either entity as of the date of Executive's termination of employment with the Company, in any area or territory in which the Company or the Parent or any affiliate of either entity conducts operations; provided, however, that the foregoing shall not prohibit Executive from owning up to one percent (1%) of the outstanding stock of a publicly held company engaged in the Fluid-Control Industry; and

(b) during the term of Executive's employment with the Company and for a period of twelve (12) months thereafter, regardless of the reason for termination of employment, Executive will not directly or indirectly solicit or induce any present or future employee of the Company or the Parent or any affiliate of either entity to accept employment with Executive or with any business, operation, corporation, partnership, association; agency, or other person or entity with which Executive may be associated, and Executive will not employ or cause any business, operation, corporation, partnership, association, agency, or other person or entity with which Executive may be associated to employ any present or future employee of the Company or the Parent without providing the Company or the Parent, as appropriate, with ten (10) days' prior written notice of such proposed employment.

Should Executive violate any of the provisions of this Paragraph, then in addition to all other rights and remedies available to the Company at law or in equity, the duration of this covenant shall automatically be extended for the period of time from which Executive began such violation until he permanently ceases such violation.

6. **Notice.** For purposes of this Agreement, notices and all other communications provided for in the Agreement shall be in writing and shall be deemed to have been duly given when delivered or mailed by United States certified mail, return receipt requested, postage prepaid, addressed as follows:

If to the Executive:

At his home address as shown
in the Company's personnel records;

If to the Company:

CIRCOR, Inc.
25 Corporate Drive
Burlington, MA 01803
Attention: Board of Directors of CIRCOR International, Inc.

or to such other address as either party may have furnished to the other in writing in accordance herewith, except that notices of change of address shall be effective only upon receipt.

7. **Not an Employment Contract.** This Agreement is intended only to provide those benefits for the Executive as set forth in Paragraph 3 in connection with a Change of Control. As such, this Agreement is not intended to and does not in anyway constitute an employment agreement or other contract which would cause the employee to be considered anything other than an employee at will or to in any way be entitled to any specific payments or benefits from the Company in the event of a termination of employment not subject to Paragraph 3 of this Agreement.

8. **Miscellaneous.** No provisions of this Agreement may be modified, waived, or discharged unless such waiver, modification, or discharge is agreed to in writing and signed by Executive and such officer of the Company as may be specifically designated by the Board. No waiver by either party hereto of or compliance with, any condition or provision of this Agreement to be performed by such other party shall be deemed a waiver of similar or dissimilar provisions or conditions at the same or at any prior or subsequent time. No agreements or representations, oral or otherwise, express or implied, unless specifically referred to herein, with respect to the subject matter hereof have been made by either party which are not set forth expressly in this Agreement. The validity, interpretation, construction, and performance of this Agreement shall be governed by the laws of the Commonwealth of Massachusetts (without regard to principles of conflicts of laws).

9. **Validity.** The invalidity or unenforceability of any provision or provisions of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement, which shall remain in full force and effect. The invalid portion of this Agreement, if any, shall be modified by any court having jurisdiction to the extent necessary to render such portion enforceable.

10. **Counterparts.** This Agreement may be executed in several counterparts, each of which shall be deemed to be an original but all of which together will constitute one and the same instrument.

11. **Arbitration; Other Disputes.** In the event of any dispute or controversy arising under or in connection with this Agreement, the parties shall first promptly try in good faith to settle such dispute or controversy by mediation under the applicable rules of the American Arbitration Association before resorting to arbitration. In the event such dispute or controversy remains unresolved in whole or in part for a period of thirty (30) days after it arises, the parties will settle any remaining dispute or controversy exclusively by arbitration in Boston, Massachusetts, in accordance with the rules of the American Arbitration Association then in effect. Judgment may be entered on the arbitrator's award in any court having jurisdiction. Notwithstanding the above, the Company shall be entitled to seek a restraining order or injunction in any court of competent jurisdiction to prevent any continuation of any violation of Paragraph 4 or 5 hereof.

12. **Litigation and Regulatory Cooperation.** During and after Executive's employment, Executive shall reasonably cooperate with the Company and the Parent in the defense or prosecution of any claims or actions now in existence or which may be brought in the future against or on behalf of the Company and/or the Parent which relate to events or occurrences that transpired while Executive was employed by the Company; provided, however, that such cooperation shall not materially and adversely affect Executive or expose Executive to an increased probability of civil or criminal litigation. Executive's cooperation in connection with such claims or actions shall include, but not be limited to, being available to meet with counsel to prepare for discovery or trial and to act as a witness on behalf of the Company and/or the Parent at mutually convenient times. During and after Executive's employment, Executive also shall cooperate fully with the Company and the Parent in connection with any investigation or review of any federal, state or local regulatory authority as any such investigation or review relates to events or occurrences that transpired while Executive was employed by the Company. The Company shall also provide Executive with compensation on an hourly basis (to be derived from the sum of his Base Compensation and Average Incentive Compensation) for requested litigation and regulatory cooperation that occurs after his termination of employment, and reimburse Executive for all costs and expenses incurred in connection with his performance under this Paragraph 12, including, but not limited to, reasonable attorneys' fees and costs.

13. **Gender Neutral.** Wherever used herein, a pronoun in the masculine gender shall be considered as including the feminine gender unless the context clearly indicates otherwise.

14. **Section 409A.**

(a) Anything in this Agreement to the contrary notwithstanding, if at the time of the Executive's separation from service within the meaning of Section 409A of the Code, the Company determines that the Executive is a "specified employee" within the meaning of Section 409A(a)(2)(B)(i) of the Code, then to the extent any payment or benefit that the Executive becomes entitled to under this Agreement on account of the Executive's separation from service would be considered deferred compensation subject to the 20 percent additional tax imposed pursuant to Section 409A(a) of the Code as a result of the application of Section 409A(a)(2)(B)(i) of the Code, such payment shall not be payable and such benefit shall not be provided until the date that is the earlier of (A) six months and one day after the Executive's separation from service, or (B) the Executive's death.

(b) The parties intend that this Agreement will be administered in accordance with Section 409A of the Code. To the extent that any provision of this Agreement is ambiguous as to its compliance with Section 409A of the Code, the provision shall be read in such a manner so that all payments hereunder comply with Section 409A of the Code. The parties agree that this Agreement may be amended, as reasonably requested by either party, and as may be necessary to fully comply with Section 409A of the Code and all related rules and regulations in order to preserve the payments and benefits provided hereunder without additional cost to either party.

(c) The determination of whether and when a separation from service has occurred shall be made in accordance with the presumptions set forth in Treasury Regulation Section 1.409A-1(h).

(d) The Company makes no representation or warranty and shall have no liability to the Executive or any other person if any provisions of this Agreement are determined to constitute deferred compensation subject to Section 409A of the Code but do not satisfy an exemption from, or the conditions of, such Section.

(e) All in-kind benefits provided and expenses eligible for reimbursement under this Agreement shall be provided by the Company or incurred by the Executive during the time periods set forth in this Agreement. All reimbursements shall be paid as soon as administratively practicable, but in no event shall any reimbursement be paid after the last day of the taxable year following the taxable year in which the expense was incurred. The amount of in-kind benefits provided or reimbursable expenses incurred in one taxable year shall not affect the in-kind benefits to be provided or the expenses eligible for reimbursement in any other taxable year. Such right to reimbursement or in-kind benefits is not subject to liquidation or exchange for another benefit.

[Remainder of Page Intentionally Left Blank]

IN WITNESS WHEREOF, the parties have executed this Agreement effective on the date and year first above written.

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER
PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, A. William Higgins, certify that:

1. I have reviewed this quarterly report on Form 10-Q of CIRCOR International, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
